

3DA INTERACTIVE RELEASES MINAURS - DISCOVERIES FOR ANDROID, IOS, PC AND MAC.

PRAGUE, CZECH REPUBLIC - JUNE 28, 2018.

3da interactive, the independent game developer has launched Minaurs - discoveries as their first title on Android, Ios, Windows PC and Mac platforms.

We have put a lot of enthusiasm into creating this game for the last 5 years. Hope you will like it!

MINAURS - DISCOVERIES

A unique adventure game full of exploratory expeditions to the various underground worlds on different planets.

Minaurs is a complex game with a blend of puzzles, RPG elements and pure arcade action. As you progress in the game, you gain more control over your character and game becomes more and more action oriented.

Travel with your Minaur through the game universe, discover new worlds, their unique environment and inhabitants. Lead your Minaur safely through underworlds to gain knowledge and collect The Mighty Resource. Complete various quests, develop your character, collect loot from various animals, and rescue your trapped mates.

Game offers dynamically created levels that bring you to unexpected challenges. Even a daytime and weather conditions may affect your gameplay.

Every game is unique to the player due to "random with conditions" creation algorithm. Everything you do is recorded and have consequences.

The game is fully localized in 8 languages (English, German, Czech, Russian, French, Spanish, Portuguese, Italian).

Game is available on GOOGLE PLAY (ANDROID), APP STORE (IOS) and STEAM (PC & MAC).
